To the Honourable

MARTIN BURRELL,

Secretary of State of Canada.

SIR,—I have the honour to submit to you a statement of the work of the Correspondence Branch of the Department of the Secretary of State for the year ended March 31, 1918.

INCORPORATION OF COMPANIES.

The number of companies incorporated under The Companies Act during the fiscal year 1917-18 was 574 with a total capitalization of \$335,982,400 and the number of existing companies to which Supplementary Letters Patent were issued was 77, of which 41 increased their capital stock \$69,321,400, 4 decreased their capital stock \$1,894,300, the remaining 32 being granted Supplementary Letters Patent for various objects such as changing names, extending powers, etc., making a total of 651 charters and supplementary charters issued during the year, a decrease of 32 as compared with the previous year; whilst the total capitalization of new companies and the increased capital of existing companies amounted to \$403,419,500.

Particulars as to the capital stock, etc., of the companies incorporated or granted Supplementary Letters Patent during the twelve months, together with the date, etc., of the *Canada Gazette* in which the objects and powers are set forth, will be found in my report of the work of the Registrar's Branch of the Department.

NATURALIZATION OF ALIENS.

In my report as Deputy Registrar General above referred to, full particulars are given of all naturalizations effected under the old Naturalization Act, Chap. 77, R.S.C., 1906, which was repealed January 1, 1918, for the twelve months ended December 31, 1917. Complete returns showing the names, places of residence, and former nationalities of all persons naturalized under this Act are tabulated and recorded in the Registrar's Branch of the department, and are always available for reference.

The Report of the Naturalization Branch which was organized to supervise applications under the Naturalization Act, 1914, will be found immediately following the Report of the Registrar's Branch.

9 GEORGE V, A. 1919

The payments to the court officers, charged with the making of naturalization returns, details of which will be found in the report of the Auditor General, amounted to \$5,883.82.

CANADA TEMPERANCE ACT.

During the fiscal year elections upon petitions for bringing the Act into force were held in the counties of Compton and Missisquoi and city of Quebec, province of Quebec, and resulted in the carrying of the Act by large majorities. Elections upon petitions for the repeal of the Act were held in the city of Fredericton and counties of Sunbury and Charlotte, New Brunswick, and resulted in the defeat of the Act, which now stands repealed in these places.

Petitions were also received for the repeal of the Act in the counties of Carleton, Northumberland, York, Queens, and Kings, New Brunswick, and action was taken thereon in accordance with the provisions of chapter 30, 7-8 George V, "An Act to amend an Act in aid of Provincial Legislation prohibiting or restricting the sale or use of Intoxicating Liquors," which provides for the suspension of the Act by Order in Council, without a vote, in places from which petitions for repeal have been received. The operation of the Act is accordingly now under suspension in these five counties.

The Act is now in force in the following counties and cities:—

Ontario.—Counties of Peel, Huron, Perth and District of Manitoulin.

Quebec.—City of Thetford Mines, City of Quebec, and Counties of Brome, Stanstead, Compton and Missisquoi.

Nova Scotia.—Counties of Digby, Guysborough and Yarmouth.

New Brunswick.—Counties of Albert and Westmorland.

The Act is not in force elsewhere in the provinces or territories.

THE WAR CHARITIES BRANCH.

The present report contains the first annual statement respecting the operation of the War Charities Branch established to administer the War Charities Act passed on the 20th September, 1917. SESSIONAL PAPER No. 29

THE WAR CHARITIES ACT, 1917.

FOREWORD.

This statute was passed at the last session of Parliament at the instance of some of the most prominent war relief societies in Canada, for the purpose of regulating and controlling the collection of moneys and material from the public, and the distribution of assistance to soldiers and their dependents.

It was not intended by the Government, or by Parliament, that the Act should limit or hamper in any way the fine generosity of the Canadian people towards all branches of war relief work. Unfortunately, however, this generosity sometimes fails of its full effect both through fraud and through lack of business methods. Instances have been known when money has been improperly diverted from its intended channel and, on the other hand, entertainments have been held for patriotic purposes where heavy receipts have been eaten up by unnecessary and unregulated expenses.

The Act, therefore, and the regulations under the Act, exist for the purpose of preventing fraud and of encouraging and promoting economical and businesslike methods in dealing with the collection and distribution of moneys and supplies.

The regulation that only War Charities which are incorporated may be registered, was inserted in order to ensure that the societies undertaking relief work have regular officers and constitutions and that all their accounts are audited by properly qualified persons. Under the Dominion Companies Act such societies carrying on their activities in more than one province may be incorporated without the payment of any fee. Those operating within one province only may be incorporated by that province on the payment of a very moderate charge—five dollars or thereabouts.

Bodies such as the Red Cross, the Patriotic Fund, and other organizations which are established by Act of Parliament and have the right to establish branches throughout Canada and control the financial dealings of their branches, need not have the branches registered. Under these circumstances the auditing of the branches is done by the main executive, and the reports need only be made by the main executive to the minister. If, however, there is no direct financial control of branches by the main executive, it will be necessary that each branch should be registered and make returns to the department.

It is not necessary that all small local and church organizations should be registered. Under the Act, section 3 (1) (b) provides that the executive or governing body of a registered war charity may authorize the collection of money, the holding of entertainments, and other means of procuring funds for that charity: For instance, if a church organization desires to hold a sale or entertainment to obtain funds for the Canadian Red Cross Society, a written approval by the local Red Cross Branch (or the Provincial Branch) may authorize the holding of the sale or other entertainment, and all collections of moneys made by this means are quite within the Act without the registration of such local organization. Such transaction is, however, subject to this obligation, that the proceeds of the sale or entertainment must be handed to the Canadian Red Cross Society or other association approving of it, and the expenses must also be shown in the statement of the result and carried into the accounts of the Canadian Red Cross Society or other association approving of it, and the expenses contribute to the funds of more than one charity, and all the profits of a particular sale or entertainment are not to be devoted to an individual charity. If this is desired to be done, the organization should be incorporated and registered or else receive the necessary permission from each charity to which it proposes to make contribution.

It is not a hardship that war charities are required to keep minutes of their meetings and to have their accounts properly audited. These regulations are prompted by sound business methods. They produce orderliness, regularity and incite efficiency.

9 GEORGE V, A. 1919

The regulation which requires half-yearly returns is necessary in order to meet the temporary character of many war relief organizations and to lessen the possibility of improper registrations. These returns are not intended to be a mere matter of form. Officers of the Department of the Secretary of State will scrutinize each return as it is made for the purpose of checking extraordinary expenditures, or items which raise a suspicion of the diversion of funds from the proper channel. The whole object of the Act is to make sure that all the money raised for sufferers through the war reaches these sufferers with as much economy as possible.

The carrying out of the War Charities Act and Regulations, as in the case of all Acts, must necessarily create some individual hardship and trouble. Such trouble will doubtless be cheerfully borne by those affected when they realize that the sole purpose of the Act is to organize war relief work in a more effective way and thus increase the benefits to those for whom it is undertaken.

M. BURRELL,

Secretary of State of Canada.

OTTAWA, December 19, 1917.

DEPARTMENTAL MEMORANDUM ⁽¹⁾.

Address all correspondence and applications for registration to the Under Secretary of State
Ottawa.

Purposes of the Act—

- (1) To prevent fraud;
- (2) To promote economical and business-like methods in dealing with the collection and distribution of moneys and supplies.

Definition of a " War Charity " (Act, section 2b)—

Any fund, institution or association having for its object or objects:—

- (1) The relief of war suffering or distress.
- (2) The supplying of needs and comforts to
 - (a) Sufferers from the war,
 - (b) Soldiers,
 - (c) Returned soldiers,
 - (d) The families or dependents of soldiers.
- (3) Any other charitable purpose connected with the present European war.

Application of the Act—

War Charities must *either*

- (1) Be registered under the Act (Act, section 3 (1) (a)).

or

- (2) Obtain an approval in writing from a registered War Charity (Act, section 3 (1) (b)).

Thus if a small local society or church organization desires to hold a sale or entertainment to obtain funds for the Canadian Red Cross Society, which is registered under the Act, a written approval by the local Red Cross Branch (or the Provincial Branch) may authorize the holding of the sale or other entertainment and all collections of moneys made by this means are quite within the Act without the registration of such local organization. Such transaction is, however, subject to this obligation, that the proceeds of the sale or entertainment must be handed to the Canadian Red

Cross Society or other association approving of it, and the expenses must also be shown in the statement of the result, and carried into the accounts of the Canadian Red Cross Society. It sometimes happens that a local association desires to contribute to the funds of more than one charity, and all the profits of a particular sale or entertainment are not to be devoted to an individual charity. If this is desired to be done, the organization should be incorporated and registered or else receive the necessary permission from each charity to which it proposes to make contribution.

Exemptions from the Act—

- (1) Collections at Divine Service in a place of public worship (Act, section 3 (2)).
- (2) The Salvation Army (Act, section 2 (b)).
- (3) War Charities established by and under the direct control of the Dominion or a Provincial Government (Regulation 2).

Requirements for Registration under the Act—

Only War Charities which are incorporated under a general or private statute or ordinance of some competent incorporating authority may be registered under the Act. (Regulation 3.)

Under the Dominion Companies Act, War Charities carrying on their activities in more than one province may be incorporated without the payment of any fee. Those operating within one province only may be incorporated by that province on payment of a very moderate charge—five dollars or thereabouts.
